Can you forward her an electronic copy?

The original fact sheet mailed and the revised fact sheet should be filed in SDMS, if they have not been filed yet. Can you check they are there?

Thanks.

Good afternoon again.

Could you email a copy of the EPA fact sheet that you brought to the Open House? I did not see any extra copies at the meeting.

I have copies of the ODEQ fact sheet already.

Thank you,

Diane

Good afternoon.

I work with Jason White on CERCLA projects (Superfund) as part of the Cherokee Nation Environmental Programs and the Inter-Tribal Environmental Council (ITEC).

Through ITEC, we provide technical assistance to tribes and their citizens affected by Superfund sites in their jurisdictional areas.

I attended the Wilcox Oil Company Superfund Site Open House held on January 30th, 2014, but was unable to talk to you because of the long meeting and the many questions from the community.

Please add Jason White and myself to your mailing list for Wilcox Oil Company Superfund Site updates:
